Citimark Properties – Hercules Northshore - Online Inspection Request

Please log on to following link online to our system at <https://inspections.handovers.com/onlinebooking> to receive your discounted price through **Citimark Properties** for an independent final quality control (non – structural) inspection to ensure it is of an acceptable standard. Our inspector will also take digital photographs of your investment at the first inspection only to give you an overview of your property. Please note that we do not take photos of defects.

Please use Citimark Properties – Hercules Northshore- discount code: **366CP17**

You will receive an automated email once you have completed the online booking request. If you will be paying by credit card via our online payment gateway please note there will be **no** credit card surcharge. Once we receive your completed information we will contact you for the credit card payment details and process at the same time. A receipt will then be emailed to you.

Once we receive all information from you, we will contact the developer and arrange for the inspection to take place. We will then send another automated email advising the date of the inspection.

Please note that we do not have anything to do with the actual handover/settlement, collection of keys for rentals or contractual issues. We are **unable to check full specifications** due to the extensive range of colours and items that make up a property, but you should be able to see a good majority of the inclusions in our photos.

You can get more information on our company from our web site www.handovers.com.
